Inspiring Managers
4-month programme for team leaders / supervisors to learn how to effectively manage and empower their team

Why Enrol in this Programme?
Team leaders and middle-level managers are the engine of organisational growth. However, managers often struggle with the basics of communication, motivation and staff empowerment. Traditional training courses are heavy on theory, but rarely lead to real change and improved performance. Through its Inspiring Managers programme, AMI has proven to be able to help aspirational managers become managers and managers to come (even) better managers. Who are we looking for?
- Employees in Hospitality & Tourism sector who are making the transition into supervisory roles
- Employees who have worked for at least 1 year in the H&T sector
- Supervisors/Managers working in H&T sectors or looking to move to the H&T sector

How it Works | AMI’s Approach

AMI will deliver the Inspiring Managers programme with current and aspiring managers of various organisations active in the H&T sector. Our unique blended-learning approach combines lively interactive in-person workshops with individual online study, practical team-based activities and the chance to practice on the job.

To ensure learning continues outside of workshops, AMI has set up an online ‘Learning Academy’ specifically for this programme. The Academy hosts the learning modules, tools, toolkits, case studies and customised material specific to your organisation’s learning needs.

Benefits for learners:
- Learn new skills to better manage people
- Improve enjoyment and sense of success at work
- Get exposure to ‘best practice’ people management in the sector
- Become aware of growth opportunities and potential career path in the Hospitality & Tourism sector, understand the value of supervisory/managerial skills being learned
- Adopt a learning & growth mindset
- Understand the underlying reasons behind current challenges in supervising/managing people

About AMI | Transforming African Management

The African Management Initiative (AMI) helps organisations across Africa build motivated, productive and effective workforces through our unique learning and transformation programmes, delivered via web, mobile and in-person workshops. We work with managers and entrepreneurs on building key business management skills, and have partnerships with numerous organisations on work-readiness programmes for young people entering the workforce.

More than just courses, AMI programmes are catalysts that can transform the day-to-day business practices of your organisation. Unlike traditional training, AMI uses experiential and action learning to get learners using tools and practicing new skills in real-time. The focus is on getting people to adopt new habits and practices, and to apply them systematically with their teams. The results are improved ownership, accountability, collaboration and performance.

AMI has developed over 50 practical business modules – including over 3,000 tools – with Africa’s leading business schools and global experts on adult learning. Our world-class content is combined with coaching, action-learning projects and networking tools to ensure that employees apply what they learn on the job and hold each other accountable to the highest standards of performance and responsibility.
